

Designed to make an  
impact statement.

## Introducing PARKSIDE GL20 Beams.

Parkside's have further enhanced its innovative range of timber products with the introduction of their new GL20 Beams.

Made from sustainably sourced Spotted Gum hardwood, Parkside GL20 Beams are not only strong, but will provide your home with that design impact statement.

Parkside GL20 is suitable for indoor and outdoor, above ground applications in Australia. Parkside GL20 beams are GLTAA certified and manufactured to AS/NZS 1328.1:1998 and are fire rated in accordance with AS 1720.4 to BAL 29.
