## KEY BENEFITS

- Parkside Timber produces some of the most durable and well manufactured hardwood timber cladding.
- Our products are grown and manufactured in Australia for Australian conditions.
- It suits a traditional, modern and uniquely designed commercial and residential building.
- Parkside cladding heartwood is naturally insect and decay resistant, and every piece is treated with an ACQ H3 treatment, ensuring any sapwood that is used is also fully durable.
- Our cladding is certified by internationally recognised PEFC, denoting that all products are sourced from sustainably managed forests.
